We build to improve lives. This purpose drives everything we do; from the projects we undertake, to our approach to partnership and project execution, and our commitment to client satisfaction. With offices in the Silicon Valley, Oakland, and Sacramento, XL Construction serves six market sectors - education, healthcare, civic, corporate office, life sciences, and advanced technology.

XL Construction offers full-time career opportunities and internships to university students in a career in the construction industry. Get the career opportunities of a large contractor and the personal attention, coaching and recognition of a boutique firm.
