

**BUILD YOUR CAREER IN CONSTRUCTION**

**LOCAL SERVICE | NATIONAL RESOURCES**

A recognized leader in specialty construction  
for over 75 years

# BUILDING RELATIONSHIPS THROUGH PERFORMANCE

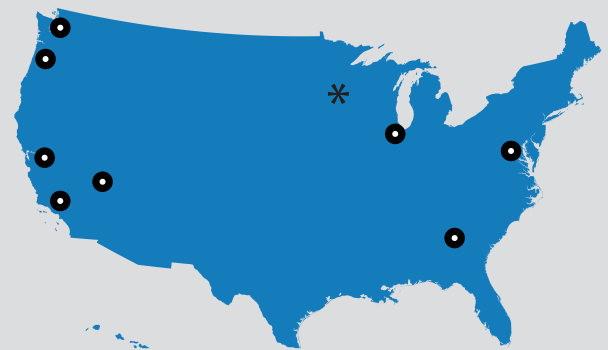

## OUR VISION

Our view is that construction can be a complex and challenging endeavor. Our people thrive on that challenge and always set the highest performance standards. By exceeding expectations everyday, we build value for our customers and for our employees.

## WHAT TO EXPECT WHILE WORKING FOR ANNING-JOHNSON COMPANY

Having been employee owned since 1949 we know our employees are the reason for our success. Employee ownership has created a unique culture. It is more than just a place to work. It is family. We place great faith in our people, and want them to have the opportunity to grow and succeed. Everything we do is inspired by a simple notion, to build an environment where you can succeed.

## NATIONAL REACH

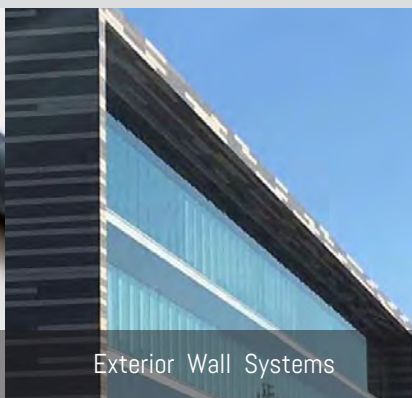

\*Nationally-based Building Information Modeling (BIM) department

## BUILDING THE BEST TEAMS

Our success depends on quality team players who make the right decisions at the right time. We work tirelessly to hire, develop, and retain the best talent on our job sites and in our offices.

# BUILD YOUR CAREER

Whether you are studying construction or engineering or just have an interest in the field, AJ can offer you experiences and training that is unmatched in the industry. You will immediately get exposure to active projects including estimating, drafting bid proposals, and project management activities. Our philosophy is that our employees take as much responsibility as they can handle and drive their own careers.

## THE "AJ" BENEFITS

Eligible to buy company stock after 12-months of full-time employment

---

Hands-on learning from day 1

---

Real life experience

---

Interact with nationally-based general contractors and developers

## INTERNSHIPS, CO-OPS & FULL-TIME PROFESSIONALS

AJ offers both internship and co-op opportunities for individuals in relevant fields of study, as well as full-time opportunities to professionals that meet our qualifications. Get real construction management and engineering experience as you work on a range of activities, including:

Quantity surveys/material takeoffs

---

Estimating total project costs

---

Competitive bid proposals

---

Contract negotiation activities

---

Relationship building

Job setup procedures

---

Job execution procedures

---

Jobsite walk throughs

---

Contract close-out procedures

---
